

Section Risk Assessment
Autumn meeting

October 4th 2022

‘Understanding chemical micropollutants in water’
Our drinking water: monitoring & water quality protection

The Risk Assessment section of the NVT invites you to its annual autumn meeting. In this meeting we will step into the drinking water world. Together with KWR we will play a ‘serious game’ in which we will dive into drinking water quality and threats to our drinking water sources.

Preliminary program

<u>Time</u>	
13.00 – 13.15	Registration & welcome
13.15 – 13.45	General introduction by Milou Dingemans (KWR)
13.45 – 14.05	Being prepared for the drinking water contaminants of tomorrow by Julia Hartmann (RIVM)
14.05 – 14.25	Perspective from industry
14.25 – 14.45	Break
14.45 – 15.15	Introduction Serious game by Tessa Pronk (KWR)
15.15 – 16.45	Serious game
16.45 – 17.30	Wrap up & drinks

Location: Groningenhaven 7 in Nieuwegein (<https://www.kwrwater.nl/en/contact/>).
Digital attendance will not be possible.

The main language will be English. However the supporting materials of the serious game will be in Dutch.

You can register for this meeting by sending an email to Kim Doornebosch (kim.doornebosch@rhdhv.com). Please report “Registration NVT autumn symposium – 4 October 2022” in the title of the email and report your name and affiliation in the email itself. **The deadline for registration is Monday 26th of September 2022.**
